

December 30, 2005

Dr. Pivaroff,

The medical staff of the Milwaukee Brewers Baseball Club would like to express how the DMS has been an intricate part of our daily sports medicine protocol for injury prevention and rehabilitation. Over the last three (3) years the Milwaukee Brewers Baseball Club has had the lowest number of disabled list (DL) days for all Major League Baseball clubs, and was awarded the Dick Martin award as MLB's "best medical staff" by Baseball Prospectus for 2005.

Sincerely,

Roger Caplinger, ATC/L
 Head Athletic Trainer
 Milwaukee Brewers Baseball Club
